Auto Line to Crosbyton

W. G. Phillips came in Wednesday from Crosbyton on his first regular auto trip. He has established a line between this town and the former place and will leave here every morning, making the round trip each day. This line was formerly run between Crosbyton and Plainview, but since the passenger train service has been established to this place it is more convenient to make this point. The citizens of this section built a line for Mr. Phillips as far as the Crosby county line. Mr. Phillips says that he expects to extend the line on to Spur within the next few days.
